Student Health Services

Pharmacy

The Student Health Center offers low-cost pharmacy services to students for both prescription and non-prescription drugs. Our pharmacy stock includes common medications for acute bacterial and viral infections, oral contraceptives, depression, muscular skeletal disorders, skin disorders and allergy/asthma treatment. (I.e.; antibiotics, birth control pills, anti-inflammatory, inhalers, steroid medications, and topical ointments).

Student Health Services does not file third-party insurance claims for charges, except for students with the statewide regent student group insurance; [United Healthcare Student Resources](#) Payment for pharmaceuticals may be made by cash, credit /debit card, or Banana Bucks. The student also has the option to take his/her prescription to a local pharmacy for dispensing, Upon request, we'll give you the documentation necessary to file a claim yourself for reimbursement with your insurance company.
