Student Health Insurance

Take a look at why students choose the optional group student health insurance:

Students who are not already covered by accident and hospitalization insurance are encouraged to purchase the optional group student health insurance which is a state approved plan designed for all Regents' Schools in Kansas, United Healthcare Student Resources. This insurance policy also provides coverage options for spouses and dependents of students. The insurance may be purchased during the enrollment of each semester or at any time during the year. To obtain a brochure, or ask questions, contact [United Healthcare Student Resources](#), at 1-888-344-6104 directly, or call the Student Health Center at (620) 235-4452

Student Health Services does not file third party insurance claims, except for students with United Healthcare Student Resources insurance. Upon request, a receipt with all necessary information will be given to the patient, to file themselves for reimbursement from their insurance company. Check with your insurance company to see if you can file a claim and whether they will reimburse you for your charges incurred at the Student Health Center.
